<sup>1</sup> Epson ink tank units sold worldwide as of July 2019. ECOTANK is a registered trademark of Seiko Epson Corporation. <sup>2</sup> Maximum pages per minute (PPM) are measured after the first page and are based on text patterns in draft mode with plain paper. Time of printing varies depending on system configuration, the software used and the complexity of the page. ISO print speed in black and in color is measured in prestandard mode, printed on one side, and in accordance with the international ISO ppm standard, ISO/IEC 24734. For more information visit [www.latin.epson.com/velocity](http://www.latin.epson.com/velocity). <sup>3</sup> Part of the ink of the included bottles is used for the initial configuration, so the yields are lower than the replacement ink bottles. Yields of replacement ink bottles are based on the ISO / IEC 19752 standard using Epson methodology. The yield of such by-products can vary considerably due to issues that include printed images, printing configuration, temperature and humidity. The ink is used to print and for the maintenance of the printer, and the ink must be available for printing. For more information, visit [www.latin.epson.com](http://www.latin.epson.com). <sup>4</sup> Estimated about 35 sets of cartridges based on the print yields of the black ink and replacement color bottles compared to standard ink capacity cartridges for cartridge printers with similar characteristics from the main manufacturers to July 2019. <sup>5</sup> The comparison of savings is based on the cost of purchasing the replacement ink bottles and the cost of sufficient cartridges to achieve the performance Total in pages of the bottles, using the prices on the internet of the main manufacturers of multifunctional and the yield of the cartridges of the capacity highest for consumer inkjet printers sold in Latin America and with similar characteristics and prices of \$150 USD or less, according to syndicated data sources from the third party industry to July 2018, in the last 12 months. <sup>6</sup> The standard warranty is 1 to 3 months with no page limit and from 4 to 12 months or 15,000 pages (whichever happens first). To obtain an additional 12 months (total of 24 months guarantee) or up to 30,000 pages (first that happens), register your product within the first 30 days after the purchase and use original Epson ink bottles. For more information about the Extended Warranty program, visit [www.latin.epson.com/garantia](http://www.latin.epson.com/garantia). <sup>7</sup> The majority of the functions require an internet connection for the printer and an internet-connected device and/or connection to function. <sup>8</sup> To receive a list of Epson printers with Epson Connect and compatible devices and apps, visit [www.latin.epson.com/connect](http://www.latin.epson.com/connect). <sup>9</sup> Wi-Fi Certified<sup>™</sup>, the level of performance depends on the reach of the router used. Wi-Fi Direct<sup>™</sup> could not be used for printer software. <sup>10</sup> Only the printer is compatible with the Windows Server<sup>®</sup> OS. <sup>11</sup> Some applications or functions may not be available in Mac<sup>®</sup> OS X. <sup>12</sup> Internet access is required to install drivers and OS X software. <sup>13</sup> This EcoTank multifunctional printer uses Epson genuine ink. Other ink brands may not be compatible and even if they are described as compatible, may not function properly.
